

# BEFORE-1857 WAHABIZATION OF INDIA HOW IT STARTED

## INDIAN SUB CONTINENT IS CRADLE OF CIVILIZATIONS AND SUFI ISLAM

In the Time line of Events of History of **Indian Sub Continent** ( Afghanistan + Pakistan + Indian + Bangladesh , Burma and Nepal ) consisting of and Indus River Valley and the Ganges River Civilization , the **Rulers and Religions** always came from Afghanistan .

Be it oldest Religion of India Subcontinent the Hinduism ( 8 -10 Thousand Years ago ) , Zoristism ( 4 Thousand Years ago ) or Judiasim ( 3 Thousand Years ago ) , or Islam (1500 yr Years ago ) .

Afghanistan in the Central Asia was the Mother and Cradle of Civilizations known as Indus Valley Civilization and it is **Older than the Pyramids** as without Doubt the Scientists and Historians Agree , just look at the **Harrapa and Moenjaddaro** and their use of Bricks before even the Egypt had the Pyramids . Nobody has been able to Explain the Origins of Moenjaddaro and Harrapa or even where they Disappeared so far .

**Ancient Afghanistan and its Indus Civilization spread was up to the Seas of Indian Ocean** , Including what is now Pakistan Area as one Area , joined with India , Bangladesh , Nepal and Burma as one Civilization but with Multicultural people and Multi religious as in the Waves of Religions came from West from Afghanistan to shores of Seas in Indian ocean.

**General Trend was From West to East , the British Raj Realized this as they studied the India and were awe struck , so they tried to Reverse this Trend . What we Know as the Great Game of Religions and Particularly the Islam .**

## **ILLUMINATI AND MINISTRY OF COLONIES AND OXFORD MOMENT AND ILLUMINATI BRITISH RAJ**

IT is commonly believed that with **East Indian company** coming to India in **1600 AD** , during Time of **Mughal King Jahangir** and then in especially in Times of **Mughal King Aurangzeb** , the Illuminati , interests in the Riches of Indian Sub Continent Increased and East Indian company was the First Multi national Company and Corporation that the world saw.

It was Bigger than Many Kingdoms and it had the money and the power and it had the Backing of the Kings and Queens of **Europe and England**.

It had its **own Army** and its own **Human resource** from Best Institutes in **Oxford** and **Eaton** and **Harrow** in UK and off course the **Secret Societies of those Institutes** were also in the Great Game .

The saw the Vulnerability of Rich Mughal Kings and the Riches of Asia Indian Sub continent was Over Whelming and they realised the only way to control the Central Asian Afghan Kings who had been Ruling from Afghanistan and the Center of Earth as accoridng to Mac Kinder Theory .

They Started to Play this Great Game of Religions Long before the Actual Great Game started in 1700 and Used the **Arabian Peninsula Model of Wahabism** , which they used against the **Ottomans Caliphate** of Turkish People.

British were the One to Create the Wahabism via a Mullah they Brought from Turkey his Name of **Mullah Wahab** and Used Lord Mempher a British Spy and , Part of Ministry of Colonies or MI6 **British Intelligence** of that time .

Indian Islam also was Influenced by the Wahabism of Saudia Arabia , After the Creation of Wahabism in Arabian Peninsula, The British Under **Sir lord Mempher a British Spy** were successful in Creation a **Wahabist Sect of Islam** with help of **British Loyalists the House of Saudis** and **Maulana Wahhab** , who was imported from Turkey under Lord Mempher ,

**Wahabist Termed every body as Heretic and Non Believer** including other Muslims who did not Believe in their Version of Islam , **they called themselves as Purist form of Islam as Wahabis . They called anybody not conforming to their Wahabi sect as Non Believer and “Kafir” and not Pure as “Bidat” .**

**“Bidat”** , the **Deviation from Wahabist Islam** or Puritical Factor considering them as not Pure , Wahabi Imagined that the cause of Muslims being Weak was Deviation Wahabism which they Preached and what they thought was Real Islam , their own version of Puritanical Islam that was **based on Rigid beliefs.**

**Science and Knowledge and Education** , lacking in Muslims was **not considered as a Factor for downfall** , but actually the Deviation from **Ideals of Mulana Wahab** and his **“Purity / Bidat”** was considered as Factor and **Muslims were Forcibly sent to way of Rigid Beliefs .**

Intermarriage of the **House of Saud and Maulana Wahhabi Family** **Intermarried** and made what is **Wahabist Saudia Arabia** the holiest of land of Muslims and British had got them by the Heart and Mind and Made Islam as their own Project for Great Game.

They Used the **Wahhabi Philosophy to Divide the Arabia Peninsula** and made into **small pieces of gulf Countries as Divide and rule of British** , these Wahabist Gulf Countries were Successful in **Breaking up of Otomon Empire** into small Fragments and weakening it and ultimately disappearing in **First World War-1 after Defeat to Imperialist and Capitalist British and Americans** , **Saudia was Grad Part of this Design** and so were the Wahabists, **Lord Mempher and Lawrance of Arabia .**

The **Islam that came from Afghanistan** were mostly of **Sufi Islam** and was true Islam based on **Love of Human kind and God** and **Tasawaf** it was these Sufi Saints that , brought Islam via use of **Music and Religious songs like “Qawalis”** as Invented by one **Sufi Saint Amir Khusro Ab’ul Hasan Yamīn ud-Dīn Khusrau** , better known as **Amīr Khusrow Dehlavī**, who also **Invented**

the “Sitar” and in the Indian Sub continent and even today hundreds of Muslims and Non Muslims flock to their **Tombs and Khanqas** .

This religion was brought from Afghan cities of **Bukhara and Samarkand** ( Currently Part of Uzbekistan as Russian Czars Break away Uzbekistan in **Panjdeh Incident in Great Game** .

Famous Sufis were supported by the Kings of India mostly from Afghanistan who brought and encouraged these Sufi's to come to India. Famous among them are **Abul Hassan Ali Hujwiri, commonly known as Data Ganj Baksh, of Lahore** , **Farid Ganj Shakar** of South Punjab , **Sewan Sharif** of Sindh , **Sakhi Sarwar** of DG Khan Punjab etc **Bakhtiar Kaki of Delhi India** and **Baba Farid Ganj Shakar of Pak Pattan Punjab**.

British Knew that Sufi Islam that Preached **Love and Sufism** and also **Love of God and his people and Harmony among the Muslims and Non Muslims was not Breakable** and neither was **unity of Indian sub Continent** , they had to use a **proven Formula and that was Wahabism** , what they did in Arabia they **wanted to do in India** .

from 1700 to 1857 , the Influence of Wahabism crept into Indian Mysteriously and that could be traced to **Madrasah Rahimiya** , and Shah Wali Ullah .

**Mullahs** trained by Wahhabi in Saudia **Sent to Indian Sub continent via Deoband and Bareilvis who came from Same Madrassah Rahimiya** .

Birth of Deobandi 1864 and Bareilvis of 1904 both have same Origins from Madrassah Rahimiya .

Birth of **Wahabism and Madrassah Rahimiya** appeared on Time line of **History is the time when the Down fall of the Mughal Empire began** as Muslim **Mughal King Aurangzeb** Started to Practice Wahabism .

He shunned the Non Muslims for the Darbar and Kings Affairs and he Implemented Strong Taxes and this causes Revolt from Non Muslim and especially the Punjabis and Biharis / Bengalis .

These Same Punjabi and Bengali Ethnicity even with large number of Muslims continued to Provide help to Foreign British Invaders in Form of human resource

for Army and Bureaucracy and also Taxes for the British Empire .

Making the British Empire rich and Europe achieved its Advantage, that took it from its Dark Ages to current Rulers of the World.

While the Muslims who were the rulers of whole Asia and Africa were reduced to Poor people and who were un-educated and also Backward and **Divided and Ruled** as Weaklings.

The Same Muslims who Lived for Centuries and Hundreds of Years in Indian subcontinent among Non Muslims were now Calling themselves a New Race Different by Virtue of Religion traits like **Bidat / Purity / Pakism of Wahhabi Ideologies** .

**Shah Wali Ullah was trained in Saudia Arabs for 10 Years as Student of Mullah Abdul Wahab** , and the Spies of Jamal Uddin Afghani Group.

**Shah Wali Ullah** came at the time when In India the **Mughal Empire was Waning and Weakening** because of Internal Strife , and also the **Punjabis like Sikhs and Rajputs Marhatas** were doing **Treason / Baghawat** with moughals and **not paying Taxes Because of Mughal King Aurangzeb** being Influenced by Such **Wahabist Ideology of Mullahs Educated from Saudia** .

**Mughal King Aurangzeb**, who for bade **equal rights of Muslims and Non Muslims** and **Jaziya Taxes** , and there was **Power Struggle of Succession to Crown** as there was **no Succession Formula** in Indian Kings like **Mughals(1550 -1757)** and **Afghan Delhi Sultanate ( 800 -900 AD)** before them , well documented by Waliam Drymple Books and Novels . Punjabis Revolted and made Life of Mughals Difficult

**Shah Wali Ullah was sent to Saudia Arabia** ( Probably by the British ) and he was taught none other then **Mulana Wahab** Himself and by his sons in Saudia Arabia and that resulted in **First Influence of Wahabism** in India and concept of **“Purity/ Bidat / Wahabism** came to Indian Subcontinent .

**Shah Wali Ullah** had many Student and one of them was **Shah Ismail Bareilvi** from the Indian City of **Barela in Punjab** , and he was the one who later became the **Fist Jihadist** to Fight the British as he claimed but there is **no Historical evidence that he really fought the British** in India .

## Edward Bulwer-Lytton

Beginning in the 1820's, a group of missionaries was appointed by a combined movement of Oxford University, the Anglican Church, and Kings College of London University, under **Scottish Rite Freemasonry**, as part of a plot to foster the creation of an occult brotherhood in the Muslim world, dedicated to the use of terrorism on behalf of the Illuminati in the City of London.<sup>[1]</sup> The leading promoters of the Oxford Movement were Prime Minister Benjamin Disraeli, Lord Palmerston of the Palladian Rite, and Edward Bullwer-Lytton, the leader of a branch of Rosicrucianism that developed from the Asiatic Brethren.

The Oxford movement was also supported by the Jesuits. Also involved were the British royal family itself, and many of its leading prime ministers and aides.

Edward Bulwer-Lytton

Edward Bulwer-Lytton was the Grand Patron of the Societas Rosicruciana in Anglia (SRIA), founded in 1865 by Robert Wentworth Little, and based on the Asiatic Brethren.

Many members of the Asiatic Brethren, or Fratres Lucis, had become members of a German Masonic lodge called L'Aurore Naissante, or "the Nascent Dawn", founded in Frankfurt-on-Main in 1807. It was at this lodge where Lord Bulwer Lytton was initiated.<sup>[3]</sup>

Bulwer-Lytton, who served as the head of Britain's Colonial Office and India Office, was also a practicing member of the cult of Isis and Osiris.

He wrote the Last Days of Pompeii, and The Coming Race, or Zanoni, in which he set the foundations for later Nazi racist theories. He became the grandfather the Pre-Raphaelite Brotherhood of John Ruskin, the Metaphysical Society of Bertrand

Russell, and occult societies like the Golden Dawn of Aldous Huxley, and the Theosophical Society of Madame Blavatsky.

The Oxford Society and Freemasons and Jamal Uddin Afghani Spies were later spreading Wahabism in Indian Sub Continent.
